Summary

As an able front-end developer with a strong foundation in project management and agile methodologies, I am eager to join Netgen's dynamic team. Inspired by the hands-on leadership of Grant Scheffel, Hardy Esterhuizen, and Matthew Vreenegoor, I am passionate about contributing to the company's mission of delivering bespoke software solutions. My goal is to align my career with Netgen's vision, leveraging my skills to support its growth as a technology innovator. I am excited to be part of an environment where innovation and collaboration drive the future of business.
